

*Welcome to St. Augustine*

*We are proud to be the site for the 2011 Southeast Regional Championships. St. Augustine is well known for our clean white beaches and famous surf breaks like Blowhole and FA's. This is the home of many Champion surfers including 2x ESA East Coast Champion and now ASP World Tour surfer Gabe Klinge.*

*St. Augustine was first visited by Ponce De Leon back in 1513 in his search for the fountain of youth. In 1565 Pedro Menendez Settled here and named it St. Augustine, making this the oldest city in America. St. Augustine is rich in history and beauty from the fort built in 1672 To Flagler College built by railroad and oil Tycoon Hennerly Flagler.*

*Our banquet this year will be held in historic downtown, we will be dining in the Lightener building. Their is parking in the rear of the Lightener Building, and also a large parking structure at the north end of town. It's just a short walk down St George St to the Lightener. Dinner will be provided by AIA's executive chief Scott King. He will be serving the Marsalis Chicken. After dinner please feel free to explore our beautiful city. There is plenty to see, and do, tons of taverns, and shops among the historic land marks. If you like Ghost, Haunts, and spirits we have plenty. Pirates galore, check out the pirate museum!*

*The contest will be at the Anastasia Sate Park off AIA close to the Lighthouse, and Alligator Farm. Turn by the Surf Station to get to the park Entrance. We are looking forward to a great contest!*

*See ya soon*
